About PrairieCare

Providing Hope and Healing Through Mental Health Services

PrairieCare is Minnesota's leading psychiatric care provider, with multiple locations across the state. Operating since 2005, we offer a full continuum of mental health services for people of all ages, ranging from inpatient support to flexible outpatient programming.

EVIDENCE-BASED CARE

We offer a variety of modalities that are informed by research and clinical expertise.

INDIVIDUALIZED TREATMENT

We tailor care for each patient's needs to ensure long-term healing.

WHOLE-SELF APPROACH

We consider all aspects of a patient's life for more comprehensive care.

CONTINUED SUPPORT

We empower patients with a plan to move forward during and after treatment.

Immediate availability at many locations, so you or your loved one can start the healing process today.

prairie-care.com

Full Continuum of Mental Health Services

* **Inpatient Hospitalization Program**

A 24/7 care setting with full-day treatment for patients 35 and younger with acute safety concerns and severe mental health symptoms

* **Residential Treatment Program**

Full-day inpatient treatment with an average stay of three months, for youth with psychiatric impairment who do not require stabilization

* **Partial Hospitalization Program (PHP)**

Full-day outpatient programming for youth and adults, offering multi-specialty treatment through group, individual, and family therapy sessions

* **Intensive Outpatient Program (IOP)**

Partial-day treatment for youth and adults who are able to participate in regular daily activities but need continued support and structure

* **Clinic Services**

In-person and telehealth appointments for psychotherapy and medication management, with care options including Transcranial Magnetic Stimulation (TMS), an evidence-based procedure for treatment-resistant depression
