

Together, Addressing Minnesota's Mental Health Crisis

Serving People of All Ages
with a Full Continuum of Care

Welcoming Care Settings that Promote Healing

Our locations are designed with safety and mental well-being in mind, featuring natural colors, abundant light, and comfortable spaces.

Experiential therapy takes place in our gyms, sensory rooms, and art studios, and patients receive academic instruction and/or life skills training in our fully equipped classrooms.

We're Here to Guide You

We'll support you through each step of the process of starting treatment or referring a patient. Drawing from our nationwide network of programs and providers, we'll find the best care option for each person.

Industry-Leading Behavioral Healthcare

As a division of Newport Healthcare, a leading provider of behavioral health services nationwide, PrairieCare serves Minnesotans of all ages through a full continuum of care, from acute inpatient hospitalization to clinic services.

Together, we are helping more people access the mental healthcare they need and deserve.

Expanding Access to the Highest-Quality Treatment

- ▶ Gold Seal of Approval from The Joint Commission, the nation's largest accrediting body
- ▶ Inpatient hospital designated as an American Nurses Credentialing Center Pathway to Excellence® facility
- ▶ Partnerships with major insurance companies, both in and out of network
- ▶ Nationwide network of programs
- ▶ No-cost mental health screenings
